## PROFILE

I am a student at the Turing School of Software and Design, studying Back-End Engineering. I'm interested in the intersection of technology and cognitive science, particularly with regard to learning and memory. I hope to develop applications that take advantage of psychological findings to improve traditional and online education.

## EXPERIENCE

### BACK-END SOFTWARE ENGINEERING PROGRAM

Turing School of Software and Design | Jan 2017 - August 2017

Dedicated over 1500 hours programming across seven months  
Object Oriented Programming focused in Ruby and Rails  
Developed consumable APIs  
Extensive TDD

### CIRCULATION SUPPORT STAFF
